

# NAPLAN Reports: Key Dates

NAPLAN tests are taken in May, with the results and subsequent reports then released in separate stages.

## NAPLAN TESTS TAKEN BY 1 MILLION STUDENTS ACROSS AUSTRALIA

- Each May, over one million students take the NAPLAN tests.
- Provides students, parents, teachers, schools and school systems with important information about the literacy and numeracy achievements of students at that point in time.

2016  
May

As NAPLAN moves online from 2017, 2016 may be the last time some students take the test with pencil and paper

2016  
August

## SUMMARY INFORMATION RELEASED

- NAPLAN summary information is released in August.
- Provides an overview of the preliminary national and state/territory NAPLAN results in reading, writing, language conventions and numeracy.
- The report is published as a dynamic web-based resource.

## STUDENT REPORTS RELEASED

- Student reports are released to schools for distribution to parents by the state or territory test administration authority.
- Timing varies between the states/territories.

2016  
Aug/Sep

2016  
December

## NATIONAL REPORT RELEASED

- The *National Report* is released in December.
- It provides a detailed analysis of how students perform in each year level, state/territory and by various demographics in society on a national scale in each of the four test domains.

## MYSCHOOL.EDU.AU WEBSITE GETS UPDATED

- The *My School* website gets updated with NAPLAN data in March of the following year.
